### FOR IMMEDIATE RELEASE

#### **WorkForge to Offer Complimentary Learning Experience Platform at Process Expo**

**Kansas City, Missouri** – WorkForge, a leader in employee development for the manufacturing technology sector, is excited to announce its participation in the upcoming FPSA (Food Processing Suppliers Association) Process Expo, scheduled to take place from October 23, 2023, to October 25, 2023, at McCormick Place in Chicago, IL.

The FPSA Process Expo is the food and beverage processing industry's leading trade show. This event serves as a pivotal platform for professionals and thought leaders to gather and share insights on the latest innovations and developments. WorkForge's participation in this event underscores its dedication to delivering state-of-the-art solutions tailored to the ever-evolving learning and development needs of the workforce in the food processing and manufacturing sector.

Visitors to the WorkForge booth (Booth #2671) can expect a comprehensive array of solutions aimed at reducing employee turnover, enhancing productivity, reducing operational costs, and improving overall efficiency in food processing and manufacturing. WorkForge's team of experts will be on-site to provide insight and answer questions about how the company's solutions drive tangible results.

A highlight of WorkForge's presence at the expo is the Process Expo Show Special. This offering allows organizations attending the event to receive free access to the WorkForge Learning Experience Platform (LXP) for one year, with the purchase of a WorkForge Career Pathway. These pathways are crafted to help employees progress from entry-level to supervisor roles in under two years. They include personal, professional, and skills development eLearning modules.

"We're thrilled to be part of the FPSA Process Expo," said Nathan Walts, CEO at WorkForge. "It's a great opportunity to connect with industry leaders, share our expertise, and showcase our solutions. We believe our solutions can significantly impact the industry's efficiency and sustainability."

Don't miss the chance to experience the future of food and beverage processing technology. Visit WorkForge at Booth #2671 during the FPSA Process Expo. For more information about WorkForge, please visit [www.workforge.com](http://www.workforge.com).

#### *About WorkForge:*

*WorkForge designs, implements, and hosts engaging eLearning solutions for manufacturers focused on solving the skills gaps that come with training a modern-day workforce and collecting the data needed to drive operational excellence on the production floor.*

## PRESS RELEASE

*The company provides the tools and insights critical to building a scalable and sustainable workforce, including configurable digital career pathways, streamlining analog work instructions into digital paths, hybrid-based supervisor development programs, and a high-touch enablement process that leverages people and technology.*
