

VisionNav attends Process Expo 2023 to demonstrate logistics automation for food and beverage industry

Sep.20, 2023, Chicago- VisionNav, a global leader in intralogistics automation, is excited to announce its participation in Process Expo 2023, one of the most prominent events in the food and beverage processing industry. The event will take place from October 23 to 25 at Chicago, IL. VisionNav is showcasing its latest innovation tailored specifically for the food and beverage sector. Attendees are invited to visit Booth 5017 to witness the future of logistics automation.

BUILD TOMORROW TODAY **LIVE DEMO** **ProcessExpo**
OCT. 23
OCT. 24
OCT. 25
McCormick Place, Chicago, IL
Booth: **#5017** VisionNav Robotics

In response to the growing demand for efficient logistics within the thriving food and beverage industry, VisionNav's cutting-edge solution is poised to redefine the landscape. Central to their presentation is the VNP15—an autonomous forklift of remarkable versatility. Attendees can expect an in-depth exploration of VisionNav's groundbreaking logistics automation system. VisionNav will showcase how goods seamlessly move from conveyor systems to storage areas with remarkable speed and precision.

Key Highlights:

- **Booth Location:** Booth# 5017, **South Hall** of the McCormick Place Convention Center in Chicago
- **Logistics Automation:** Witness firsthand how VisionNav's logistics automation solution optimizes the food and beverage supply chain, ensuring timely deliveries and reduced operational costs.

- **Autonomous Forklift VNP15:** The star of the show, the VNP15, will demonstrate its ability to navigate complex warehouse environments autonomously, ensuring swift and accurate material handling.
- **Industry Expertise:** Engage with VisionNav's team of experts who will provide insights into how these automation solutions can revolutionize your business operations.

"Process Expo 2023 is a significant platform for us to showcase our commitment to innovation and excellence in logistics automation," said Don, VP of sales at VisionNav. "Our logistics automation solutions, powered by the VNP15 autonomous forklift, offer unprecedented efficiency and reliability, addressing the unique challenges of the food and beverage industry."
